

Portable Ice Maker

Portable Ice Maker
MM Portable

Just recently Mermaid took on a Portable Ice Maker line. We have had tremendous success with this product even before we added this to our website! We are proud to introduce you to a product that can be used anywhere you have power and water! The unit will do the rest. The body is built out of beautiful stainless steel and the lid is manufactured out of high grade injected molded ABS plastic.

PRICE REDUCED!!!! FREIGHT INCLUDED!!!

This compact and lightweight unit produces ice every 6 minutes! Simply add bottled water into the holding tank and within minutes you have frost free drinking ice! The unit will produce ice in three different sizes and will keep the ice frozen once the bin is full. Take this unit on your boat, in your RV, or, anywhere you desire the pleasure of an ice cold beverage!
